

Medicare Advantage

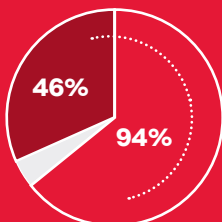

Medicare Advantage (MA) is a shining example of a successful public-private partnership meeting the needs of millions of seniors and Medicare beneficiaries with disabilities. Congress and CMS should take steps to ensure year-over-year stability in the MA program so it can continue being a high-value option meeting the needs of Medicare beneficiaries. As policymakers continue important health care reform discussions, they should look at MA as an example of how to provide affordable and stable health care coverage to Americans.

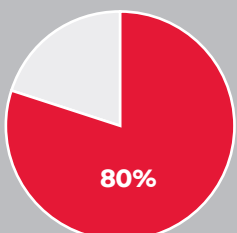

Fast Facts About MA

26.3M Americans
(or 42%) have chosen to enroll in MA, in 2021.
(BMA as of Feb. 2020)

94% of Enrollees
in MA have access to at least one \$0 premium plan and **46% of enrollees are in a zero-dollar premium plan.**
(BMA)

80%+ of Enrollees
in MA have access to a plan with some dental, vision, hearing, or fitness benefits. (More than half of plans provide all four.)
(BMA)

98% Beneficiaries
The program is popular; 98% of MA beneficiaries are satisfied with their quality of care, according to a Morning Consult poll.
(2020 Morning Consult Poll)

\$1,598 less spending
in total reported by MA enrollees than by beneficiaries in FFS Medicare.
(BMA)

MA plans provide important benefits and cost protections not available in FFS Medicare:
